Yep, I'll be getting it for the 360. I played the beta on PS3 and now I got the demo on the 360 and it's awesome. Way better than that MW2 bull shit.

Sure but my PC is not strong enough so will have to settle for PS3 version.
I predict there will be people in this thread who won't get it mainly because it is not BF3.

MW2 bullshit? It's easily the best game to come out in like 3 years...besides Halo 3 and CoD4...

I didn't care much for CoD4, but I thought MW2 was excellent.

Modern warfare 2 is very good actually. I enjoyed it very much. But i have to say that i like bad company better than mw2. Its long and fun to play. Its like real war. But in mw2, the game is short but it has its own good stuff. I love kill streaks, thats a good thing in that game which makes you not get killed while you try to kill others, which makes your k/d ration a little bit better.

i would give MW2 a 7/10 and BC2 a 9.5/10. Maybe better if i get the full version!

It was more a reply to YazooGang because he for some reason thinks destroying buildings is new, I was just quoting you.

P.S. There's another Mafia coming out? No way!
