An MRLS at the entrance will get killed in no-time because it's in the open, it either needs to be behind the GDI side hill or around the Tib field so it can hide behind the barn when getting shot at.

From 4 lights? :S LOL

I guess he doesn't know what a Renegade is, or he plays with some dumb mod that gives lights obby guns and they can fly

resistor1 wrote on Thu, 21 January 2010 19:45HEY PUBS MATTER WHEN YOUR WHOLE TEAM IS RETARDED AGAINST 20 OTHER EXPERIENCE PLAYERS

Are you trying to say the random number generator that remixes the teams has a vendetta against you? Even if there were 20 good players on the other side, about 10 of them should be with you next time... maybe it's the fact you're on their side that makes them "retarded".

Also, Publics => cooperation. CW => individual skill.

Cooperation is harder to achieve, but I'll give you some pointers:

- 1) Don't be a cheating ass.
- 2) Ask for things nicely.
- 3) Congratulate other team members when they do something well.

(2 and 3 require you to lose the ego a bit, but I'm sure you'll cope)

Also, was this split from the discussion as to whether one should play aggressively or run in some weird situation on field?

public > hoping u got a teammate that can actually make a difference, usually not the case and then its just a case of 'who has the least morons on their team', in clanwars its actually skill and teamwork that gets the job done
