Hello,

i have since few days a little problem, everytime i join a game it crashes after 1-2 min or at mapload.
Other programms like XCC Mixer, LevelEdit or 3DS max crash with the same error message.

Does someone know how to fix that?

Microsoft Visual C++ Runtime Library

Runtime Error!

Program: H:\Programme\Westwood\game2.exe

This application has requested the Runtime to terminate it in an unusual way.
Please contact the application's support team for more information.

OK

I hope you're not installing all your game files in the same folder. Install them in their own folders.

... problem solved.
It was microsoft visual studio, I uninstalled it and now my ren works fine.
