Hey all.

Some textures I did for C&C City a while back which includes better skyscraper textures and brick like textures for the walls, tunnels and other stuff. Check them out.
City

I have also included Di3hardNL's cc_bldg1 texture in this pack which is the awesome building skin for the 2 big buildings.

Enjoy

THAT

IS AWESOME.

It actually goes together well, and still fits the theme of the map. Good job.

Thanks, it means a lot when it comes from you knowing that you tolerate only decent stuff.

This indeed one of the best texture replacements for a map.

Great work.
