i wasn't sure where to make this thread. i was just curious if anyone could tell me where i can find
the unofficial patch
http://portal.commandandconquer.com/portal/site/cnc/article/detail?contentId=560
9db4badbcd110VgnVCM100000100d2c0aRCRD

i went to both links there and the page is not found :S

it worked just fine when i used it back when i first saw it on jelly forums. i didnt have a problem
with it back then

Somewhat not true

While I do not have the actual beta of Renegade, I do have some beta stuff and some E3 videos.
http://downloads.cncfps.com/C&C/Renegade/Misc/BetaStuff/

commandold.zip is the earlier version of LE, I don't think it works but still, it's there.

EDIT: Oh and I have this (though it's not rare at all tbh).
