Ok, I recently witched my computer settings (didn't do anything to Renegade) Now everytime I try to play Renegade online, there is some error which says I need to download something for it. What is this thing I need to download and where can I get it?

-----GDI Auto Rifle- \$500Nod Laser Chain gun- \$450GDI Buggy-
\$300No Buggy-\$300Watching the GDI Power Plant blow into 1,000,000 pieces- PricelessThere
are somethings money can't buy, for those things, get a Nuclear Strike Beacon
