8 man server, non-Laddered. A guy on NOD (haha ACK) NOD NOD NOD NOD...Anyway, a guy on Nod was a mutant initiate and the nOOB host shot him with a Tiberium Auto-rifle, complained that he was invincible, and kicked him. That's about the dumbest host I've ever had myself.

See, THIS is why I only play on clan servers or other well-known, dedicated servers. That solves a LOT of problems.

I was once asked "Why can't I buy a sniper". I then explained to him that he was fucking n00b, that I blew the shit out of his HoN, and that he was a fucking n00b.

I was in a game earlier today, the n00b host accused me of stealing his veh. I said no, it is not yours, there is 30 sec lock out if it was yours. Appearantly that was too hard for him to understand so he booted me (first time ever for me, I was mad). What is worse, his n00b friend was there and encourage him to boot me, 2 losers.Here is the list of the suspects, if you see this I hope you realize the error of your ways and I will see to it that you get what is coming to you

Now here is a novel idea, if you don't like the host quit the game. Don't whine or cry, instead go find another server that will take you... oh about 10 seconds. K thx bye.

Oh, boy. These newbie (ACK ) hosts really make me mad. There was once this game and the rule was: "No stealing vehicles from teammates!" Okay, always play by that rule. As the game went on I bought myself an ORCA. I was on my way to the WF when I saw that some idiot took off with my ORCA! I complained to the host and the next thing I remember... I was kicked! Can't remember the idiot's name though... [ June 11, 2002, 23:45: Message edited by: FireSnake ]
