I've decided to be tolerant towards plecos and other image (no nudity, no racism or the likes, though) spam in topics made by FACEBUTT. Preferebaly things that could discourage him of posting.

He will probably enjoy the attention, but even the slightest chance that it wouldn't should be taken.

That is all.

Let me guess, you've received complaints about the user defiling the holy grounds of the C&C Renegade Forums.

What a joke.

he'll use it as an excuse to try and troll more
he feels that he's extremely clever
everyone knows what he's up to which reduces him from clever to just fucking stupid and
annoying

it's like his brain is half-filled with peanut butter and marbles or something

- 1.The guy tried to troll(?) and made the usual spam topics.
- 2.Then went serious mode.
- 3.Then went back to "hee hee I r gud troll/funny guy/i r cool"
- 4.Is probably not as stupid as is made out to be with the constant spam bullshit.
- 5.Yet despite this, the people here are not very tolerant to those who act like a dickhead whether they really are stupid or just bored.

That's my take on it.

It's the fact someone who's displayed the ability to produce useful, engaging and intelligent content, but has elected to instead post nonsense that so irks the community, I believe.

Oh, so we should start a witchhunt against all forum members who choose to post annoying content? Right, wait there while I warm up the ban-chaingun.... *

Perhaps having seen the majority of content posted here he has assumed that is what people are interested in and is trying to fit in with the community? Because, to be honest, what your criticising him so harshly for is exactly what almost every single active member of this forum does on a daily basis, which is post annoying crap that nobody wants to read, whether it be in the form of topics or mindless trolling replies to other topics or posts.

Take a look at yourselves and ask how you are any better than he is. No wonder this community is going downhill if this is how you treat a newcomer who is still finding their feet in a long established forum community.

* Disclaimer: I do not have the rights to, and nor would I if I did, start banning people for posting annoying content. I was simply making a point.

he offends all the senses simultaneously
i don't think anyone is seriously trying to get rid of him but i must say, he is quite annoying even in a place where people are striving to be more annoying than each other

make him a little trophy or something

Based on his posting history it would seem most of his posts are in the Spam Fest, an area of the forum I never have and never will visit due to the fact it contains nothing but useless trash. So that's probably why I have not heard of him before now, but on the other hand if your complaining about spam in the spam fest you need your heads examining....

For the record, I personally think that forum section should be erased completely, it serves no purpose other than to encourage people to post useless trash and it's removal would not be a loss to the community.

Though it's job is to simply contain the useless trash.

You'll note that the few posts he made out of the spam forum were similar to his posts in there.

It's not as if he was banned for posting crap in the spam forum.. That wouldn't make sense.
