Okay I just have a question on your server, I'm not sure if it is still up. Why was the official Westwood server only cycling through 4 or 5 of the Westwood maps? It doesn't use Field, Island, Under, or Complex. Other than Island, what is wrong with those maps that caused you to take them off the server list? Oh yeah, and it's quite annoying to the fact that WW doesn't even monitor that server. Profanity is used constantly and nobody is ever banned or kicked. Also, there was one user, Wilost0rm, who was on your server for several hours at a time, his sole mission being to destroy his own teammates' base by using the ion cannon/nuke trick (where you leave the game). This went on for at least 3 games, and he openly admitted that he was the trouble maker. I think it set a good example for other unofficial servers if WW would actually monitor their own servers.

I play on that server a lot too and there is a lot of profanity, but do you expect a person to sit there 24/7 and monitor it. I suppose they could make a program that does it, but hey remember, this is WW you are talking about.

If you say even the slightest bit of profanity in a Renegade chatroom, you'll instantly get banned from WW online for 2 hours, no warning or anything. They already have a program, not that I would want them to incorporate it into independant servers anyway.

Wil0st0rm was banned in front of 39 other players and will no longer be able to join my server. On top of that, the map cycle actually contains EVERY official map except Under, I just have randomized the order up significantly and slotted the flying maps in a great deal more regularly than the other maps, as per the request of the community.~d.

No need for the profanity. It serves no purpose. Say what you need to, and be done with it.

Hmm...someone is monitoring that server. I was on a couple of times this weekend. 2 people were kicked for being idle, and one was banned for being an a\$\$ for both teams (I.E. blocking own team's harvy, placing nukes IN FRONT of enemy engies, etc.)

Dev, far be it from me to tell you how things are in your own house, but I think Scythar is right.I have played for hours on Dev's house and never once seen Field, Under, Mesa, Hourglass, or Islands. (or Complex even? I don't know about that one)Not altogether a bad thing in that Islands is my least favorite map, and the tank battle maps are all too GDI prone.

HEY DELPHI!!!!!!!!!!!!!!!!!!!!!! HELLLLLLLLLLLLLLLLLLOOOO!!!!!!!!!!!!!! I've got another question when is the last time you have seen any WW employee post on these boards under any of the topics because The last post I can even remember, WAIT I CAN'T BECAUSE THERE HAVEN'T BEEN ANY . If it's anybody that needs to vent their anger towards WW it's all of us in these forums.
