EDIT: I am just gonna say that its really shitty for asshole mods/admins to change peoples post and not say anything. Because the post is coming from the user "not the admin" so gtfo.

This makes me doubt anybody that was ever banned from here cause I bet you a mod had changed their message to say something stupid and ban them for it. So GG oppressive mods.

If you looked back at Mr.NiceGuy

His was originally GenBlacky so i see no need for a ban hammer

While you're here, where can I download your Egypt Islands? I've looked everywhere.
