Do you ever play so much renegade that you dream about it?

I had the strangest dream! I dreamed that I was playing renegade, pwning people as usual and left my FRAP's running, but my monitor started flickering and my PC was acting all weird. I started to inspect the monitor and touched the screen, lo and behold I was sucked into the game!

I was like, this is a bit weird, but then Havok came running up to me and was like, please reborn, save me, you're so pro and stuff, and I need help! I couldn't believe it, we was only playing against troop and spoony, so I figured that I would quickly spank'em.

10 seconds later and we had won, partly due to me being so awesome, and partly due to them being so ghey.

Havok turned round and said I should post this on renegadeforums.com because I'm so pro.

I woke up and was like, WHOA! That was a pretty realistic dream to be fair. Then I logged onto my PC only to find a garbled up fraps recording, only a very small part of the audio was clear, so I've attached it here as proof that my dream was actually real!

If you listen to it, it won't look like such a weird thread.

I just managed to salvage another part of the message, I remember this part quite clearly... Turns out Troop's a bit of a n00b and didn't have scripts.dll, so Havok turns round and tell him to get it...

Were are these from and how were these made?

Is it meant to be some kind of "teaser" from wally wingert (or whatever his name was - voice of havoc)? Because i remember before the community donated money to BHS to pay him to do new radio commands. Is this that money finally been put to use?

It's obvious that Reborn is making these himself. Is that you or do you know someone who can do a good impression of him? Or maybe it's a voice synthesizer?

..Or maybe you met the actor and forced him to do your bidding?

Seriously, where are you getting the audio clips from?

Wally Wingert is obviously his father.

Kind of hard to take Havoc seriously now that I know his name is "Wally". The cheesy script he has to read in the campaign doesn't help much either.

Are you sure money was donated? AFAIK it was said he wanted 100 \$ to do it, then nothing was doen from there on. 100 \$ is a ridiculous low amount anyway, that being side.

\$100 for lending his voice? WTF!

How much does Joseph D. Kucan (Kane) cost?

It's a matter of time, not of "lending his voice". And also a matter of: "noone else can do it".

I think so. Joe Kucan gave a quote of a few thousand for his voice. So Wally was being pretty reasonable imo.

Here are some sound clips I found hanging out on my hard drive that are semi-related to this thread. I also have one where Joe Kucan talks mostly seriously about "foley" techniques, but it's too big to attach.
