Just a reminder and heads up that the games this weekend are on. We've had a great turn-out so far.

Teamspeak featuring Automatic Team Changer: ts3.thekoss2.org

Please make sure to use the same nick for both Renegade and teamspeak, in order for the automatic team-changer to work.

These games use standard AOW rules. Remix teams ON, Ped Beacon OFF. All we ask is that you join us on teamspeak, where each map you will be automatically placed into the proper channel depending on what team you're on. This allows each team to communicate and strategize to their full potential.

We will use a standard popular map rotation, which will include Mesa2, a duplicate of the original Mesa but with bug fixes. Please download here: <http://www.megaupload.com/?d=EJ7REF38>

See you this weekend!

I'll post this over at Atomix and WNX.

I do believe there will be a few new-comers attending too.
