Lol, sorry have not been paying much attention to the forums due to school.
Nah, it is just a hovercraft I made for Renhalo, then I retextured it and ported it to RP2 when RH died.

Zoooooom, goes the tank.

i saw the renhalo thing in your sig for like 2 years and kept waiting for it to change or get updated so i could try it out

son

i am disappoint

When APB said I stole their ranger that pretty much ended the project for me, I decided that I had used too many models without asking people to risk more drama than what I had already got, so I just let it go.

if you did borrow models who cares, it's not like you were claiming them as your own or something if they cared at all about renegade they'd like to see them being used for other things
faggots

welcome to the C&C modding community

we'll make tons of content, but none of it is ever fucking used for one reason or another
