It's another worthless posting just to generate spam and run up my post counts! Seriously...if Westwood would release the next patch and include some new 'official' maps, I wouldn't get so bored I have to post all these meaningless drivell-filled topics...

I had an idea.... We know that there 'were' some other official maps because their terrains exist on the presets list...However, if they are on the preset list, then they must have been made to a state where they could be put into the LevelEditor and into the game! Its my belief that these maps DO exist, but were pulled because they were slightly unfinished, or were unbalanced and they didnt have enough time to redesign the maps accordingly...There must be some gmax evidence of them, maybe we can pester greg for what they got and finish them ourselves... then we have a semi-decent semi-offical map that would be of nearby officla map quality and most likely worthy of being added in an official patch!

If they had finished those maps, Renegade would have shipped with 18, then would have had 20 official maps with the air patch...possibly more.

I bet he's a Candian. A lot of Western Canadians really don't like the french, why? Cause we have to learn thier **** language and really don't want too. Je comprendes les francias, mais, je ne aime pas le parle est. See how bad my french is? Thats the product of 11 years of teaching. Sad huh, well thats cause I really hated french class.In fact, my french teacher was Belgian, and I really didn't like her either. I Hate the French could also have chosen his name after playing RA2, where everyone hates the french [July 25, 2002, 15:57: Message edited by: ZTankMuncha]

Nope. Not Canadian or Belgian. I like both of them!!I hate the French because they have no backbones - surrendered to Germany 3x in 100 years. I hate the French because the USA bailed them out of 2 world wars, got stuck cleaning up their mess in Vietnam (we did poorly there too) and what do we get in return? Can't fly thru their airspace to bomb Iraq, criticism in the UN and being called criminals and accused of genocide, a law banning new English words from being integrated into their language, rude treatment when we visit to spend money in their sorry little Socialist-loving, terrorist-harboring country.Let them fight the next one on their own!

heh heh heh! AM American. Yep - the French gave us the Statue of Liberty. It was as a 'thank you' present for showing them how to stage a revolution. Of course, they muffed that up too. Now they're socialist dogs trying hard to go to full communism. Oh well, their last election swept a bunch of conservatives into power - maybe there is hope for them yet. On my business trip to Paris, I noticed that the same TV channel that played cartoons in the daytime showed XXX porn at night...weird. [July 30, 2002, 11:21: Message edited by: I hate the French]

Doh! Media-brainwashed?! The media=democrats=liberals. How could they brainwash me? The media spits out the pap daily about ozone holes, global warming, and Alec Baldwin promising to

leave America. None of it is true. Liberals make up stories and argue on 'feelings' and emotions. Conservatives argue on truth and logic. WAKE UP!!

Oh yeah...you show liberal's true colors when you make the comment "i hate conservatives..."we don't hate liberals because they have a different viewpoint. we pity them and try to educate them on reality. Funny thing..liberals claim to be for free speech, then shout down anyone that has a differing viewpoint and labels them a racist/homophobe/bigot/environmental rapist...typical.
