My best friend and a group of nobles recently attacked me. They repeatedly stabbed me, at first I fought, but upon realizing my best friend was in on it, I gave up. I believe one of the senators may have convinced him that I have become corrupt. However knowing this particular senator, I reckon he just wanted to take power for himself, I fear that this attempt on my life may split the Republic into a civil war. I just want to know though, were my best friend's actions that of betrayal or were they understandable?

I fully understand most people in this community don't believe in Christianity/religion... but still joking/trolling using the name "Jesus" is kinda low and tasteless.

And no, I am not falling for the troll, just saying I am not laughing at the joke either.

Idk, to each their own.

Actually, when he posted this, he was Caesar. But he probably realized that the Ides of March was over two months ago. He's not very good at what he does.
