dont try to jump barbed wire fences with a hot wire on top... you could lose something very dear to you.
announcement. this has been a public service

i was in arkansas earlier visiting my girlfriends family. and there is this old ass cemetary in the neighboring field. seeing how there is nothing more exciting in that god awful state, we decided to jump the fence and go check it out. the top wire is electric which i was aware of, but i decided to try it anyways... thinking i could avoid it. i had one leg over when the other grazed the wire right next to my nutsack... i dont think the fence is very high on voltage, but that was still very uncomfortable.

sorry for bad grammar, hard to bother on this phone.

HI WELCOME TO THE SPAM FORUM. MOST PEOPLE DON'T GIVE A FUCK ABOUT THE SHIT THAT IS POSTED HERE... HENCE THE "SPAM" PART... BUT IT IS NOT LIKE I GIVE A FUCK IF YOU GIVE A FUCK OR NOT... JUST LETTING YOU KNOW GIVING A FUCK IS NOT NECESSARY NOR EXPECTED.

IDK why, I just felt I needed to clear that up.

Actually it is kinda like a twitter thing... I don't use twitter or follow anyone, because I don't feel the need to know what people are constantly doing. If I used it I would just tell people how big of a shit I just took... But I was bored and decided to share an interesting thing for once, and I figured this place could use almost any post it can get... so why not.
