...I know who it is!

He's still as dense as he was seven years ago, but at least he doesn't cheat anymore.

To his credit, though, he was the source of two of the most pervasive renememes; both of which still prevail.

I've given you enough clues, now try to guess.

no.

When he was cheating, the cheat of choice (for those who didn't try to hide it, at least) was final renegade.

Fuck, I don't have the slightest clue. Probably because I was still a retard 7 years ago and didn't have the slightest clue about memes, forums, whatever. And I only own Renegade like 5 years.

I probably know the memes if they're named.

i'll cite the two memes he started (though he didn't mean to) - he was the originator of the all-purpose "no u" rebuttal, and the whole "jelos" business.

Never heard of any renegade specific memes involving those phrases... no u is fairly common on the internet as a whole and jelos is just appalling spelling...

I'm pretty sure both 'no u' and 'jelos' originated from 4chan... such as pretty much any noteworthy meme on the internet.
