It did! mainly due to people getting pissed off with random kids using RGH.

But now 4.0 is out surely a couple of old reneplayers will re play?

Clanwars were way more competitive and fun compared to pub servers

Won't happen, lobby wars are the best you could ask for.

i, too, would like it if a proper 1v1 server with the official settings existed.

maybe i could do a tournament or something if someone could host a server for it. but who of the clanwars regulars still play post-4.0? me, hitman, mike and ion, seems to me.

I could possibly do this for you.

I'm still about, and I also know that SoQJaSoN, Simpee, Clear, Zell, Nighty and Logi are all around too...

A tournament could be a good idea.

I could probably join in one of the teams, if you can use a half rusty player.

tournaments only worked half the time back when the community was still vibrant, doing one now sounds like a terrible idea

simply a 2 player server with the good 1v1 maps (field, complex, volcano, islands, walls, canyon) for cool people to play and chill would suffice
