After talking to Shaitan over IRC, (He came to me) we have both apologized and resolved our issues. The ban on my network has been lifted and we are talking now.

This was a huge mistake to make this public like I did when I first posted on here.

Both Shai and I have issues when it comes to fighting and we are working on it.

Due to the fact that the conversation was private we will not be posting it here but please know that we are working on it and have resolved a lot of our issues.

Everyone makes mistakes when they are in the heat of the moment. Shai's and my moments last a few days.

Regards,

Will.

LOL so true...been a week. Hardheads. I do formally and hereby swear I never touched him.

Also I am sorry to him for every thing I did. I'm sorry for wanting to kick his ass, I'm sorry for being downright nasty. I spoke out of my ass that night, and tbh when everyone mobbed me here, it only fueled me.

I've been many things over the years in renegade land. I've been the "cool guy", the "asshole", the "dick", the "crazy one", the "helper"(going well out of my way to fix people's issues).

One thing some of you know, is I can not stand to be betrayed any longer. It's a trust issue stemming from a RL thing before. This has nothing to do with Wilo here, just leading up to this next.

I'm done. My "home" I've loved for 7 years did to me what none of you could have ever accomplished. Ciao.

Story book material.

Looks to me like fine politics in work, from my viewpoint anyway.

I see the topic got swiftly removed; but I would really like to know your answer to my post, Wilo. I am not at all impressed with the way you have behaved.

Took you a while to discuss something private in private.
