[10:55pm] < 14JoeGDI > dont make my mind up
00[10:55pm] < 04Aircraftkiller > You're terrible at this psychology stuff. I hope you don't think you're a psychologist because you happen to have stolen a copy of the DSM IV.
[10:55pm] < 14JoeGDI > im so bad you have to say that
00[10:56pm] < 04Aircraftkiller > Let's break this down.
00[10:56pm] < 04Aircraftkiller > What're you trying to accomplish?

00[10:59pm] < 04Aircraftkiller > Totally not interested in reading anything that has to do with Freud's discredited "anal" or "oral" phases.
[10:59pm] < 14JoeGDI > take it serious.
[11:00pm] < 14JoeGDI > theres a mechanism stoppng you from realising how stupid you are, youll be an artist forever at this rate, locked in your office not allowed to deal with the wife and kids once youv started drinking
[11:00pm] < 14JoeGDI > and if your not locking yourself up, start.

00[11:01pm] < 04Aircraftkiller > "how stupid you are" coming from a guy whose ability to type simple words and formulate language appears to have ceased at the fourth-grade level.

[11:01pm] < 14JoeGDI > good thing you werent havin that being trolle buisness

[11:01pm] < 14JoeGDI > What these poor individuals do not know is that by pretending to be smart, they actually look more dumb or stupid than the people they are correcting, especially on the Internet. They also do not know what irony and sarcasm are for when people are deliberately trying to misspell words or use incorrect grammar to insult or annoy them.

[11:01pm] < 14JoeGDI > that mechanism ^^

[11:02pm] < 14JoeGDI > you just cant see it

00[11:02pm] < 04Aircraftkiller > Keep copy-pasting the points of other people in an attempt to sound like you're not a dipshit

00[11:02pm] < 04Aircraftkiller > Original thought, how does it work?

[11:02pm] < 14JoeGDI > i dont care what i am

[11:02pm] < 14JoeGDI > What these poor individuals do not know is that by pretending to be smart, they actually look more dumb or stupid than the people they are correcting, especially on the Internet. They also do not know what irony and sarcasm are for when people are deliberately trying to misspell words or use incorrect grammar to insult or annoy them.

[11:02pm] < 14JoeGDI > i put 2 and 2 together, i dont have to have written that

[11:02pm] < 14JoeGDI > seems logical right

00[11:03pm] < 04Aircraftkiller > I could go to several websites right now that would back up my views of you without any problem pasting lines that say "People who can't type simple words are fucking retarded" but that doesn't mean a damn thing.

00[11:03pm] < 04Aircraftkiller > Logic? Hardly.

[11:03pm] < 14JoeGDI > a normal person would have just ignored it, several minutes in is proof

00[11:03pm] < 04Aircraftkiller > What's normal?

00[11:04pm] < 04Aircraftkiller > Normal is what everyone else is and you are not.

[11:04pm] < 14JoeGDI > youve got your own self serving view of normal eh?

[11:04pm] < 14JoeGDI > illusion man

00[11:04pm] < 04Aircraftkiller > There is no objective definition to "normal" applied to human sociological behavior.

[11:04pm] < 14JoeGDI > lol

00[11:04pm] < 04Aircraftkiller > Now fuck off.

[11:04pm] < 14JoeGDI > your lucky, youll never see it

Sums it up. Though I do tend to dislike self-appointed internet forum editors, myself.

Sure - most people do. It's a natural reaction. I'd wager it has something to do with feeling humiliated or whatever, at least this is the basic comprehension I garnered from the psychology class I took last year.

I dealt with editors on a daily basis, and also had to copy-edit. It's a lousy job. I wouldn't know why someone would do it for free on the internet. Especially when the person that is being criticized won't learn from their mistakes in the first place. You can't fix stupid, as the IRC logs show.

These idiots try to kill the English language with LOL, ROFL, and all that stuff, and try to go e-physiologist on people who still create art with the language. It is just so stupid.

Based off his logic, the stuff that was spelt correctly was the stuff he wrote. The terrible misspelling was the copy paste. This guy is fucking bright. Next time I meet him, I'm going to see him. I think I have artists block on graphic designing in photoshop. Seems like he'd be able to help.

Btw, wtf did you do for him to PM you this shit?
