What am I doing on there? I don't primarily snipe like the others. I used to be above average but I can't get back into the groove. I like contributing to the team. Sniping does contribute in a way but tanking contributes a hell of a lot more.

I added whoever popped into my head. Seeing as how I just got done playing a Field at the time, and you were using a havoc.

Sniping contributes to the team if you're good and know what you're doing. If you just get a sniper to snipe and you suck, then yeah you're not contributing.
