Hey crushu, this announcement is brought to you by Get On My Level productions.

If you think we're racist and asshats and whatnot, you're allowed to not be a little bitch and say it to our faces. We've always been this way ever since you met us and now you have a problem with it. Bitching about it to other people also is pretty sad.

If you don't like us, don't play with us. Enjoy your 3v3 "community" wars bro.

GET ON MY LEVEL.

crushu is a good guy with good morals, it's a shame you took advantage of his good nature.

On a lighter note, n00bstories is far better off in my opinion than having a couple of loud mouthed youths running around spouting insults and racist remarks to the opposing team.

In other words, they don't need you.

Racist remarks? I'd like to know where there was one? What pisses us off is that he was the one laughing along with us then saying something different to others. Which is probably similar to your nature being a cheat and whatnot?

Also it's me what provided him with a server and TS3 etc... all the other guys what come on from NS are a good laugh and nothing is taken seriously. So it's him who has taken advantage of my good nature.

We have one main rule, nothing is taken seriously, as we are just taking a light hearted look at life. There is no problems, no one is ever offended. Life is too short to get angry over things. If anyone did actually get offensive i'd put a stop to it.

I'll address this directly.

I'm sure n00bstories appreciates you hosting the server/ts etc and are very thankful for it, as I'm

sure everyone is.

However, complaints was made by a54 that they was insulted, they didn't like the usage of names used by some players and some players were very rude - so therefore the matter had to be addressed.

Life is indeed too short but racism is taken very seriously everywhere nowadays, including online.

I'm not on any high horse, I'm merely just posting my opinions on the matter.

Ok and i'll reply.

Yes i know they are, all the NS crew are pretty good, they have laughs with us and enjoy the commwars. We all feel very let down by Crush06, I deliberately make everything as freely spoken as possible. So why bitch? Everyone knows i'm very approachable(yes i can be very angry) but if i had one complaint to me about it during the match I would have dealt with it. No one said a word during the match. So to me it seems more like sour grapes over losing, don't get me wrong, it might not be but it seems it.

Italy and Rockstar were playing under their cw.cc names. But i'm not so sure A54 can complain much when DJ EYE's conduct is hardly great either from what i see on here and on Jelly, although I acknowledge that he doesn't probably represent A54's views.

Tiesto has provided services for noobstories commwars for months now. Teamspeaks, Servers, even fucking players.

Without us making up the bulk of the team it would be 3v15 everytime.

Crushu would gladly join in our banter and laugh along with us, so this is just stupid that he would talk behind our back

Azazel frankly, you're more inbred than butter. You have more brothers than brain cells and your nose is so brown you're starting to look like Eddie Murphy.

If there's any confusion as to why you're no longer allowed to play for n00bstories, this provides a perfect example.

All crush did, was apologize for the usage of some questionable nicks/remarks of some of the players and then quietly resigned as commwar leader - I know he was/is friends with some of you. You shouldn't think badly of him because he's done the most mature thing possible in this regard.

p.s. Tiesto rocks.

Um.

What?

I have no problem with crushu stepping down as commwar leader, that means he/we'll play under the carebears banner instead of the NS banner, and i'm okay with that.

Correct, he is quite mature for apologising, kudos, that was mature, no doubt about it.

What wasn't mature was he dissing us behind our backs. Going from ya haha haha racist nicks yeah funny (but not actually racist) having a good old merry time on TS. to omg fucking racist fucks etc etc etc.

i have a problem with that.

I'm aware of this, sir. But in light of what happened in the commwar, it was still very mature for him to resign at that moment in time - it shows that he feels bad over what happened and he took the necessary action unfortunately.

I didn't even speak once during the FW. Oh and using John Barnes nickname isn't racist. He was a very good footballer which I grew up watching. So as you don't know what you are talking about... Shut the fuck up.

Oh and like i stated earlier. they were using their cw.cc nicknames. ..

I like how you guys said NOTHING about it during the match. We could have easily swapped nicks during the match.

Spitting shit? I remember Italy saying Whoopi Goldberg is my mother? I'd love to know who was offended by that..You seriously need a chill pill if you're offended by that as far worse stuff

First off, I did not talk behind your backs I said it on the public forums.

Ive told you all countless times playing in NS not to use the names you want to join. If I would have told you guys to change your names you would have been like "FUCK YOU GET ON MY LEVEL MOTHER FUCKER." And then you guys would have left and I would have ragequit and not played the comm war either not having a team as usual.

I could care less what happens anymore, I just want to play ren and not be bothered.

I do like you guys and enjoy the humor but obviously there is a time and place.

crushu doesn't want to badly represent NS
i wouldn't let you guys play with or for me using nicks like i've seen you use
it's fun amongst yourselves, but at the expense of others
not sure what he said, if anything, but i can see why he might be upset about it

i had a similar experience with my J1 people several years ago with a funwar against n00bless
i'm still not happy about that, and it was in like 2009 lol

It was abit different, everything has been blown totally out of proportion, there was nothing really
bad, yeah you can say Catalysts name was. Aside from that nothing. There was nothing else at
all, all the other complaints are just sour grapes which is understandable as no one likes losing. I
was sat there for 3 maps and there wasn't any complaints of well...anything.. then afterwards
there is the usual "lag" complaints etc and then this.
If there had been a genuine cause for complaint i'd have either muted or kicked them.

What he said wasn't even to do with the commwar anyway.

Crimson got complaints (obiously expected and I was resolving the issue)

I told her you guys were not part of NS community (Truth) Do you play in NS (Yes, occasionally other than ehh italy and jason) Did we represent the community the way it should have been (No) Therefore it was my fault.

I am saving the NS reputation claiming that you guys were only fill ins and I took ALL THE BLAME!

OF COURSE I SHOULD HAVE MADE YOU CHANGE IT BUT I DIDN'T. What the hell do you want from me? I am taking all the blame saying it was my fault.

You guys were mentioned for like 1 second. Fucks sakes. You guys should be like "Fuck this jacksass crush up and lets yell at him and kick his ass, and abuse him in TS like we all enjoy doing." Not cry about a few words where he was doing the best he can to solve everyones issues in the situation the presented itself.

I already appologized on Area54 forums for it. They were not even NS players even though I know they represented our community. They were disrespectful and sorry about that.

I am no babysitter but you have my word they will not be playing for NS again if we ever have another war.

It comes down to perception. It has been said what goes on in carebears is just fun and no one takes it personal. We knew that on our side, the other side didn't. It wasn't said then but is now. Doesn't help / change the past. Obvious A54 doesn't want to accept the explanation.

Here is a big question no one has asked:

If it was so offensive, why did A54 players stay?

Why all this after drama? If A54 won 3-1 would we even be talking? Why we blow up Crim's email? Paddy the owner was there, he didn't say a thing. He didn't halt the match.

Maybe because nothing was said no one felt the nicks needed to be changed because the players knew it was in fun.

Be nice to crush he is in a hard spot and just trying to maintain a balance between both sides.

I find this all comical (including me being ban from A54 now) and want the 12 minutes back in my life dealing with this and the NS forum thread.
