A guy that has mods that are 13 years old huh? That can't be good.

I've never really heard of this guy outside of Atomix.

He does seem to be quite defensive, if anything he should welcome the suggestions and tell his moderators to watch the language, regardless of who you are.

It just makes his community look unprofessional if he has moderators that are very young and spout shit, lol.

Azazel wrote on Mon, 16 July 2012 08:45A guy that has mods that are 13 years old huh? That can't be good.

You can't really judge people's mod abilities based on their age. Some people that is the case, but not all.

Prokillr1, former Co-Owner of FnFall servers is FnFall's nephew. He was only 11 at the time (9 years ago) and the kid was a braniac that can script and code no problem. Also showed the maturity of a young adult.

Stewie, Evilelmo, andysh (xphaze), GeneralCamo, and many other names out there show a lot of maturity for their age. (whether it be now or in the past)

As for Matix/Animoski, most of the community is already aware who he is. Some things will never change honestly, but if it bothers you then don't join the network.

I do laugh at the "copying" hasn't changed at all.

www.rencorner.net and www.multiplayerforums.com

Compare the websites. MPF was first.

So your point? You were treated the same at Rencorner that you were everywhere else? Got it, thanks.

Might be shadowgil, it certainly isn't me. I left Shadow behind years ago.

@ Xpert I guess your right, I'm just being stereotypical I guess. sineponev is also a great example of being young yet mature.

Edit: omfg, that guy is using my old old avatar, screw him.

Yeah, for some reason I was expecting you to do something like this. You take something that jks101 (he was only a half mod and he's been pretty mature until now) said that you should stop making pointless suggestions (that I can agree with) and that you should just fuck off (that's not how I do things in my community.)

TEAM MDK wrote on Mon, 16 July 2012 06:05

[14:00] <~Animoski> !modlist

[14:00] <&RCAOW> Administrators: Shadow Animoski Wyld1USA ostkshai

[14:00] <&RCAOW> Full Moderators: Agent001 iEaTN3RDS

[14:00] <&RCAOW> Half Moderators: dronez4 RnD jks101

Point out who exactly I was fast to make someone a mod? Shaodw and iEaTN3RDS were actually part of the original RenCorner, Agent001 is a good old friend of mine - barely plays but helps out with IRC coding, dronez4 and jks101 i've known for about a year now and they've shown their commitment to us, Wyld1USA has been a good friend of mine for years, and RnD is someone who has been playing with us for like 2 months now, legitimately applied and got voted in by the others.

You know nothing about my community besides what has been said about it 7 years ago, congratulations.

Also Xpert: Although yes my forum theme is the same, our forum layout isn't the same at all. I can't find a better theme than that (in terms of simplicity and looks - you already know I don't have the mental capacity to make my own) and we have someone making us a better background that should make our forum look even more different. Also, zunnie said he didn't mind us having the same theme. It's not like we ripped it right off their website or something.

MDK, you were part of my community for 2 days. You had a brief conversation with me and you cannot say I was an ass to you. I actually gave you a chance and thought wow, maybe you aren't such a faggot everyone makes you out to be. But, that's changed, you get butthurt by little kids and go on rants for every little thing and even involve social media (Imfao.)

Also, I didn't "delete" your account, you re-named it "gone user".

In the end, you got butthurt by a 13 year old, and decided to take what he said to the grave. What he said isn't what is true, we listen to suggestions and take them into account everytime. You decided to be a faggot and post stuff on Facebook (get a life) - then when I get on the defensive (why wouldn't I? You're ruining our reputation just by talking about it - cause you're you) you decide to talk about us on Renforums.

I'm very well aware of my history, thanks. RenCorner was originally up between 2006-2007, when I was only 12 years old. I'll admit to anything because I don't give a flying fuck what I did when I was 12, I just know that i'm using the RenCorner name to show faggots like you that I got nothing to hide and that i'm above and beyond that shit.

Why does any of this even concern you? If you don't like it then leave. No need to make a rene scene. I just don't understand what you're trying to prove lol. In a lot of ways JKS was right, and I understand where hes coming from. You must have a lot of free time on your hands to write something like this about a server you played on for 2 days lol. ESPECIALLY since you also wrote a facebook post about it?

We don't want to deal with the apparent bullshit that comes along with having you around (IE this thread), so we decided to ban you from the forums. Deal with it, go annoy the next community down the list.

what was the point of all of this?

I'm just going to stop replying after this so you'll eventually get bored and move on and start trolling other people. I don't have the time or patience to continue dealing with the class clown troll of a game 10 years old. I'm surprised you have this much time on your hands, being 30 and all.

I honestly pity you for being such a retard. You just don't get it through your thick skull that no one likes you and no one wants you around. You're legitimately considered a retard by most. Go get some fucking help. I just love how you join a community, and less than 2 days later get butthurt by what a little kid half your age said, and decided to go on this whole crusade and stalking the fuck out of people's social media accounts. Congratulations, you're 30 something years old and you have pedophile-like tendencies. Keep going down this route and you'll end up in jail getting raped in the ass by some guy called Tyrone.

I also think you're jealous. Jealous of the fact that my community is only a month old and is already 20x bigger than your shithole "MDK" clan/community (whatever the fuck it is) cluster fuck. I also think that you're jealous that even though I have a shitty history, I'm still more respectable than you, and have a following that happens to be mature and actually is respected by people that matter.

Do you really think you're phasing me by bringing up my social media activity? It's there for the world to already see. I'm well known for talking shit, at least I'm not a pussy and throw that in people's faces.

You're irrelevant to me, Renegade, and possibly your own damn family, because if you had one - they would definitely look into getting you some serious help. Now here's something you should consider (look below).

TL;DR - Fuck off, get laid and possibly some medicine.

Edit: You said I'm worse than Wilo, but weren't you on his dick for like the past 4 years?
