Ye,well,considering the fact that simon is an old pedo stalker i dont wonder that hes never been clubbing. Since this is fun to most of us,for him its fun to follow me everywhere and getting attention. He doesnt have much friends unfort.

But maybe 1 day he finds another hobby,or he gets killed,i welcome both of it

I don't know why retards believe they can just open a server and people will play there - to be honest, if DJ was hosting a server I'd be all for crashing it all day (and before you accuse me of anything I have no access to a botnet, but others do as we know).

I'm glad my life doesn't revolve around the Internet like DJ-EYE-GAY.

Eike Werner

Hey,

as u might have noticed important things changed in the past 14 days here at area54. If u arent aware of the whole situation im gonna sum it up for you by just saying a54 is about to destroy itself and the majority of players and mods i have been talking to bout it are already focussed on a new project i started working on 3 weeks ago. Much rumors happened in the past over all diff. forums,mainly focussed on me and the way a54 gets handled. SODPaddy as the owner then decided to not back up his member. He removed me and shaitan from his modlist after we spend a lot of time to push a54 forward. That was caused due to the fact the others coms started to bitch and laugh at him,where me and shaitan stepped up and said hey,a54 is doing good. Unfort. Paddy as the owner decided then to leave us alone and to stop the bitching by just removing us. Uncalled for to say we were very surprised. But that even helped me to finish my new Project: As i already said most of the regulars and the modteam including the Botowner with the mod we were running back the days are starting our own new Community. U can find the Details here [link removed] We are nearly finished with the Webside,the TS is already up and within the next days we will launch our own RenServer with the Mod we started here. Needless to say that we as the majority wont let this Com going down like Paddy did,so if u want to play with us and enjoy the fun we once had @ a54,feel free to come over,register and join this whole new project. I would be glad to see ur name registering,but would like to ask u to not make the project public yet,so we can start all together once the server is done. Hope i could enlighten u a bit of what happened and whats going on in the next days. See you soon and hope we meet each other at the =RG= renagmerz.eu AOW Server. If u have anymore questions feel free to ask!

This is really sad and hilarious at the same time. DJ can't get along with any server owner to be his "dream admin" job so he starts one himself, priceless.

DJ it would be nice if you really wanted to provide a good place to play, but come on we all know in reality it is feeding your need to be in any type of power for a Ren Server. You truly think you are going to get any respect from the Ren Community as a Server Owner? You couldn't buy your way in to any server so you think buying your own will accomplish this? LMAOROF! (I'm sensing a new t-shirt)

BTW you picked the wrong name though, should be the Ren-Drama Servers because I know there will be plenty.

GL on the new server, you will need it.

Sad reading tbh,

Reminds me of a bunch of kids in the schoolyard taking turns to beat up on the weak guy.

Whilst what MDK has done may or may not be illegal it rather breaks the Forum rule about harrassment of other members.

I would consider a good ass fcking with a none lubed base ball batt coverd with razor wire coted with salt!

Simon, your own masturbatory preferences should be kept private.

the fact you are stuck so far up eike's ass it is hard to tell where you start and he ends . means your word's here carry no weight.  
the fact you get my post's about ur bf eike over at area removed with the same line you try here will not happen as most of the guys and owners here feel the same way about dj as I do .

Firstly, I didn't know the guy til I played at Area54 and still don't really know him well.

Secondly, If i could lower myself to the level of spelling, grammar and mentality of a 9yr old I'd argue the point with you but I cba.

Are you off your meds and on some kind of manic ego trip?

MDK has been banned for 7 days for posting personal pictures under the "harassment" section of the Rules of Conduct. Please remember that if anyone posts on here on his behalf, they will suffer along with him.

And if MDK himself makes a new account to continue posting, the ban will be extended.

Unfortunately, it's not cyber stalking when the images are publicly available. But as someone who's also been a victim of similar harassment, I don't tolerate it here.

It may not be cyber stalking but it's definitely harassment. Especially when I'm the judge, jury, and executioner.

He was previously banned some time ago, he's actually evading the original ban that was placed upon him.

I would just like to apologise to Crimson and everyone at Renforums that something that started at Area54 spilled over into this thread.

Unfortunately no one at Area54 had the sense to ban MDK before this got out of hand.

I like how Azazel changed his name to Croatan and removed his avatar, presumably to make it less obvious that he is indeed Azazelbot.

Gumby I know you and you are a good guy. I hate seeing you in any of this. I know why I am here. But not sure what you are apologizing for though, DJ - MDK not sure. But these two have been all over these forums for a long time asking to be the brunt of everyone's jokes. Lord knows I had my fill of them at a dif comm we will not mention. The pics MDK posted were wrong which is why I replied not to post anymore. Sure I added a joke to it, but its DJ and MDK, I can't resist. So again, you want to apologize to Crimson, I'll give you that one, but us on the forums...nah. If you could make both of them go away, you will be everyone's hero.

Didn't remember ignoring anybody named like that. Mystery solved.
