I'm not gonna lie, RenForums members do not typically get along but MDK was a serious drag on these forums. I don't really believe he even has a wife and kids unless he's just one of those nutjobs that acts normal in real life and acts fucking crazy on the Internet, but more than likely he's crazy all around. Also, I don't even see how it is possible that MDK types like he does/did - DJ's posts are not particularly intelligible, but DJ is German while MDK is English AND YET MDK's posts are FAR Worse than DJ's and literally look like he just smashes his keyboard furiously.

Maybe we should accumulate all his posts into one topic, then put it in the HoF under most illegible English man ever

I agree Ethenal. The guy was not what he professed. He has a dangerous obsession as evidenced by a public photo book with over 200 pictures that isolate the subject(s) of his obsession. Someone with a full life wouldn't have the time to just compile the photo book much less complete the 20+ posts a day on each forums he trolls.

He is most likely a disabled (Mentally included) person with a good internet connection that, as Liquid referenced, needs meds and who's life revolves around Renegade. (Not the Game)

He added an even more increased level of troll irritation on these forums. We are truly better without him.

The one topic where we can all get along. It can be our little Holy Shrine to MDK.
