View it here

After a bit of mocking and thinking and pondering we decided to buy the Downloads addon for IPB.

I've been working on adding some files last night.
Anyone can download, no login is required.

Feel free to register and submit files.

http://renegade.dmehosting.com/CD%27s/Standalone_Installer/

Standalone installer there, forget whose it is or if it's the latest edition. No fluff, just straight download link.
