The CW player still walks on all fours, is angry and likely smears poo on walls? This is surprisingly accurate!

pretty much, lol!

I first saw the gorilla picture and scrolled down to see the cheetah/tiger picture and noticed the ones on the left were looking more calm whereas the ones on the right were raging for some reason. It instantly made me think of Renegade public players vs cw lol.

And since my mind was already on Renegade as I was scrolling further down, the chaotic box of animals instantly reminded me of Jelly Marathon!

Imfao @ nikki's post btw.
