the main point is that that quote struck me as ironic; you were trying to badmouth Iran, someone that has actually done quite a bit to help further this game while you yourself have a history of helping to kill it off

neither Ethenal nor myself are Jelly regulars, and i highly doubt AnThRaX plays there much we're just three people pointing out the obvious; coincidentally, we are all associated with Jelly in some way

Ethenal and AnThRaX are or were associated with n00bstories as well - that also has absolutely nothing to do with anything

what about the non-Jelly people that have questioned the stupid shit you've said? you probably choose to ignore them as well
