i played planetside 2 for a while, its a lot like ren, it was almost going to steal me away from ren
but developers suck and the people are fucking annoying
so I'm coming back to ren
yay

yay

planetside 2 did manage to take me out of ren, or at least for some time until jelly start with the new maps thing.

btw i dont think the developers are so bad, they did fucked stuf with the last patch but they fixed it quite fast.
