June 2013 WINNER

Congratulations to comanchei for winning June's Unreal Tournament Pack by ranking on our NewMaps 4.0 server.

July 2013 PRIZE

NewMaps 4.0 Prize: This time, at the end of July, the player who ranked first on our NewMaps 4.0 Server will receive the game-collection from Sanctum on Steam.

New Prize Restrictions

If you win a prize for our server contest, you will not be able to win another prize for one month. So if you won in June 2013, you cannot win in July 2013, but you can in August 2013. This is to give other players who have less time to play a chance to win as well.

Notes

To be eligible for receiving your prize you must be a member of our forums and have either an Origin and/or Steam Account.
Click the image below to install these two clients from Valve and Electronic Arts.

You know Jim, his posts aren't worth comment. In fact Jim, I feel sorry for ack and have said so before.

I have learned peeps like ack make up (or tries to) in here for his life's short comings. Lack of family, true friends, intimate relationships, probably really picked on in school, poor work environments, etc. Who knows, only a degreed professional (Physiologist - Counselor) can figure out whats broken with this one. It may even be he is sad and jealous as he sees a lot of players getting along, having fun (not in here lol) and he knows no other way to react. I truly think there is a nice person in there as I have seen him be civil to some. But there is an apparent segment that seems to threaten him causing these reactions. He will claim he made his second post attempting to "make you mad" but in reality he thinks he will gain social status by showing everyone he is cool by doing that.

I look at ack like a sex offender that hasn't been caught yet and received help. Until such a time, ignore him until he gets help. Paying him a visit? Violence doesn't solve anything except it will make you feel better and ack is simply not worth it. Just know that ack suffers everyday. Jim you are definitely the bigger man here so treat him as a someone who simply needs help my friend.

The irony is that he spends his life trying to be a Renegade moderator, which is basically the job of e-janitor, and sucks up to everyone everywhere he goes in order to ensure that he is selected for a moderator position. Then he tries to tell other people that my life must suck because I don't care about what he thinks and delight in reminding him of that

Surely, he can't wish to kiss that much ass for an e-janitor job. It's kind of pathetic

I have a co-worker that likes kissing ass more than anything else... its a shame for him our company will hire people directly into the positions they want rather than promote people internally.

lol

I don't need to hurt you. I don't know who you are IRL and judging by your e-janitor attitude, I wouldn't want to. I could care less if my text on your screen provokes any kind of emotional response in you. I'm just giving you, as always, my unfiltered opinion about people. That might rub you the wrong way, but that's okay. You'll get over it.

I'm not sure where you're pulling "mad" from. Did you forget your medication today? Or did you just forget that you weren't going to respond to my posts?

Quote:his posts aren't worth comment.

I don't think I'm the mad one here. You can stop replying any time you wish - I certainly won't force you to do it, but I do find it amusing that you're contradicting yourself in each post and trying to be an Internet Psychologist. Let's see if you post again. Be sure to tell us about how your only life achievements are being a Renegade moderator because you spend your days telling a bunch of 18 year olds how awesome they are!
