UltraAOW Double Points Weekend

In the Double Points Weekend everything you damage and kill will grant double points.
All other settings are standard UltraAOW Settings as described on the website.

When?

The Weekend of Friday the 30th of August till Monday morning the 2nd of September.

TT 4.0 Update is Required

The Tiberian Technologies Update 4.0 for Renegade is required to play on the server.
You can download it on their official website if you do not already have it.
It adds lots of extra's, anti-cheat and a ingame automatic map-downloader, awesome stuff!

Active Server Plugins

Of course the server will run our own mpf_newmaps.dll plugin which adds additional functionality to the server such as Veterancy and Special Crates & Power-ups.

Other plugins running on the server are for example the Team Donate and Swap to balance teams manually.

For a full list of modifications and adjustments please visit our Website. (changelog)

Game Prize

This month's Game Prize is Killing Floor on Steam.

The person ranked first on our server at the end of August will receive this into their Steam Account as a gift.

Mappack is Available

You could download our Mappack before joining the server. This ensures you have all the maps already.

Then you will not experience any ingame download dialogs which may take long if you have a slow(er) connection.

All you do is click Next, Next, wait for it to install the maps and then you're done and ready to join.

Thanks

Thanks people for reading this and maybe joining up this upcoming Friday the 30th of August. Please feel free to spread this news around a bit to attract more people and let's see if we can have some fun the Weekend it lasts.

I bet half the things you say here in German don't make sense either.

Russians in Dota 2 do the same, they hurl abuse at people, then when they lost they resort to their language and play ignorance
