Chevron Ranks with Veterancy Levels

ImperialKaskins worked on special Chevron Icons when you reach certain Veterancy Levels.

Initially this was supposed to be on the ImperialKaskins G5 Series maps only but we found a way to make this happen on all maps that have Veterancy enabled.

The Chevron Icon models were created by ImperialKaskins, the coding was done by me.

Levels and Reward

Veterancy Level Experienced :: Bronze Chevron x1

Veterancy Level Corporal :: Bronze Chevron x2

Veterancy Level Sergeant :: Bronze Chevron x3

Veterancy Level Advanced :: Silver Chevron x1

Veterancy Level Vanguard :: Silver Chevron x2

Veterancy Level Veteran :: Silver Chevron x3

Veterancy Level Ensign :: Gold Chevron x1

Veterancy Level Elite :: Gold Chevron x2

Veterancy Level Lieutenant :: Gold Chevron x3

Veterancy Level Commando :: Golden Star

Veterancy Level Hero :: Golden Skull

Commando Stealthing is no more

I removed the stealth ability on Commando's, you can fairly easily get a Stealth Suit or Stealth Crate anyway.

It was also conflicting a little bit with the Chevron status's which is why i removed it initially lol. But anyway

That's pretty neat. I saw something similar used in Apocolype Rising some time ago. Cool.

Indeed, I wrote those veterancy scripts for AR about 6 years ago now and they're also used in

TSR these days. We only have two rank levels though since that's what was present in the source material we're working from and creating all the upgraded weapon presets etc for each veterancy level is tedious work thus more than 2 levels would be prohibitively expensive in terms of setup and maintenance time.

Not a fan of them being permanent, they're annoying to look at, I would prefer if they acted like the spree messages and disappeared after a few seconds, or were in part of the HUG instead of floating over my char.

Zunnie fixed this, if you promote the chevron will spin above your head for 1-2 sec and disappear
