Does anyone know where I can find a copy of Covert Ops for Tiberian Dawn?

(Other than EBay)

I brought Tib Dawn with Covert Ops as part of a EA Classic pack down my local game store but then I brought warfare and got loads together...

I still have the Tib Dawn & Covert Ops if you live anywhere near me I would send it to you (I would not charge as I don't need it anyway).

eBay is the best place to get it because people like sk8rRIMuk sell their old copies of games there but if you don't want to get it from there then look for the games that are normally in the

Dawn and the Covert Operations. It was also in the World warfare pack. I still would recommend eBay though.

I still have the dos version of Covert Ops (which works with CnC gold (win95 version)

I'll put my signature on it and sell it to you for \$50 as a collectors edition.

Man I couldn't beat one covert ops mission. I did like losing seige though. Always fun nuking them with the big nuke.

Kind of off-topic, but kind of related, if anyone wants to finish up their C&C collection, and is missing Sole Survivor, I found that Ross Dress for Less (yes, the clothing store) sells it for 5.99

Also kind of off-topic but related to the above post somehow, Aldi's also sells computer equipment, and last week had a 19" monitor for 99 dollars (yes, the grocery store). It's worth calling if you have one locally (its an east coast thing), and seeing if they still have any in stock if you're in the market for a new 19" monitor. They're fairly nice... Will do 1600x1200 @ 75, but the damn thing is gray.
