the idea of running around in C&C 3 walkers is cool, but you can tell which ones are from C&C 4 (because they look lame as balls, which is in no way your fault)

having stuff like that in Renegade sounds very cool stealth tanks trying to drive circles around a walker to kill it, like a pack of wolves stalking prey Subject: Re: [Server Mini-Mod] CinergyGaming: Fusion Map Server Posted by NACHO-ARG on Thu, 12 Mar 2015 04:18:47 GMT
