I was sitting in a game of Ren chatting several days ago, when my wife came into the living-room to discuss something 'important', then @Crimson appeared in the game comments & I recognized the name immediately.

I had to cut it short but wanted to give a shout-out & ask: "Player, Mod or Host? ". Any INFO? I haven't played in 12 years, so I've forgotten MUCH. thnx

Crimson is the owner of renforums. But I don't think she's playing Ren nowadays. So probably a smurf wannabe.

OWNER,eh? hmmm...

RUNNNN!!! lmao

I've only posted here a few times, so It must be from a particular server or game-play setting [general maps, AOW or Fan/NewMaps].

Last thing, is there a Donate tab around here? I like having forums around.

There is no donate tab here. The forums and domain name have been around for 22 years, we just had technical problems the last 5 years :p.

I may have heard of her..... :)

Glad to have you back! We do not need donations to keep these forums running, but thanks for

the offer!!!

And uh yeah, I haven't played Renegade in like 10 years or so... so someone else must be using the name.
