Just buy the game again...

(I seen a 4 game pack with Renegade and a few other EA games in the store for \$19.99 (yes, that
means you get Renegade for only \$5 !!!)

If you need a new CD key you'll have to try sending an email to EA.

Also, the reason that your account is listed as inactive is probably because this isn't the same
message board as the one you registered with previously. It may look the same but it's
completely new.
