Anyone who has played in a game with Ack, particularly sniping games, has seen him declare "x vs 1". I have always thought he meant that like 3 people were shooting at him at once and thats why he died. But apparently this is not so! Behold:

[@BRenBot]: TankCmdr6: 3v1  
[@BRenBot]: lagos22: 3?  
[@BRenBot]: TankCmdr6: You died three times, champ.  
[@BRenBot]: lagos22: maybe i died 3 times  
[@BRenBot]: lagos22: but it wasnt 3v1  
[@BRenBot]: TankCmdr6: It's three versus one when you die three times and it's only me.  
[@BRenBot]: chopperca: no that's 3 kills in a row  
[@BRenBot]: TankCmdr6: 3v1

So there we have it. The real meaning of his statements is his kill ratio. LOL its funny that I never figured that out until today

It can be either, or a combination of both.

Say, for example, two people are against me... That's 2v1.

Two against me, one at a time, that's 2v1.

Say, I kill one guy and he comes back after respawning and attacks me, that's 2v1.

That's how I calculate it.

Um, it's obvious in the screen shot that ACK was a sniper, and it's not wholly remarkable to kill at least one person when you're a sniper. The shot isn't there to display his supreme ownage at sniping, it's simply a shot of Shady's death, which is definitely displays. Don't try and read more into it, and LIGHTEN UP.

AircraftkillerWhy yes, yes it does... When you kill them every game and they're unable to do shit about it.

But, of course, you didn't think about that - now did you?

You missed what Drastic means, he means killing one person means shit, same with one game or one day. But if you do it majority of the time you two duel then it means something.

Unfortunately, I opened this thread with the anticipation of a witty banter and humorous jabs over ACK's Xv1 proclivities.

As usual, this topic degenerated faster than Rosanne Barr's career.

You know you could actually make fun of ACK and be clever about it, but instead you throw around childish names and groundless criticisms. By baselessly attacking ACK in a 'roast' thread, you only reinforce my positive opinions of him, and force me to come to his defense.

If you are going to attack someone in the context of print, the least you can do is be a proficient communicator. Be funny and witty, and even insults will be well received. You stupid fucknuts.

---
