i play matches all the time then when i host my own and people break rule i try to kick them with "kick [name]:[id]" but it doesn't work it says you can not kick [name] from the game or something. so all i need to know is how to kick individuls from my games. if anyone knows how please tell.

press F8 and type Kick <name>

easy....

and if this dont work...your doing sumthing wrong...

To get people out of your game do this:

Go buy a new shiny titanium base ball bat,

and heheh...

u kno what to do then
