I go ta install and it just cuts out, my video card is 16mb but that ea thing says it is only 13mb which really p**ses me off

WHAT CAN I DO TO FIX?, BUY NEW CARD IS NOT AN OPTION ALSO

thanks to any1 that can help

Try going here:

<http://www.n00bstories.com/renforums/search.php?mode=results>

then typing

install

into the first box, then choosing Technical Support as the Forum to search.
