Good luck with that. If they're appropriate, you can post'm when you're done. Unlike this fucktard (a ClanFUD coined term, kthx) he had inappropriate crap on his site, a mod distributed which was sub-par, and spammed these forums.

Did you think we'd welcome him with open arms?

I find this funny...everyone who apologizes on here gets flamed...i've experienced it myself. People are idiots to apologize in game forums...no one gives a fuck...that's why you get flamed...because no one cares and you're an idiot for posting. DON'T APOLOGIZE, FUCKTARDS!!!! Maybe if you lay low...no one will see you! It's better than being out in public and apologizing when you're a target. Also...ANYONE who leaves a gaming community because of a couple people, don't deserve to own the game because they're not true community players.

I like this flaming people :twisted: ...it's either that or be flamed!!!!

P.S. Aprime...I unblocked u on AIM...your childish behavior was unsuitable for me that day and I couldn't take it. I trust that you don't act so pissy normally.

Oh yes, trying to get a thread to die by posting a link to it, great idea.

You obviously don't want this thread to die, otherwise you would stop replying to it.
