You can't view it now or get into the silo, it's for moderators only. :rolleyes:

And turn CAPS LOCK off, pull this key off of your keyboard and shove it up your ass (not too hard or you'll hurt your brain).

I checked and it was moved there because the thread had turned into a flame fest. Please repost your message, and you will find that if you word it nicely and dont SHOUT, people may try to actually help you.
