I've released C&C Mineshaft. You can get it over at C&C Source.

That couldn't be helped. It happens because the harvester spawns instead of being built from a WarFactory/Airstrip

why do you have it so it spawns, why don't you do it the old fashioned way?

Madtonewhy do you have it so it spawns, why don't you do it the old fashioned way?

It's an infantry only map. No Weapons Factory or Airstrip, so I used a spawner for the harvester.

BeanyheadI'm not going to register to get a map -_-

I got Assassin to remove the registration requirement. No one should need to register any more.
