Could you ask EA they're planning to release more expansion packs for Battlefield 1942?

Cavedog, authors of "Total Annihilation". I've heard something about they're making a next release in the series. Hope it's better than TA:Kingdoms. Find out if you can

Some news about a future Aliens Versus Predator 3 would make my day.

I'd also love it if you could find anything about a possible Splinter Cell 2.

Thanks.

LOL, good looking game, thats about all i can say, i was never into the Half-Life story line or game for that matter, but you will be impressed.

as far as the rest, i was trampled by 27 security guards, and beat up by 1000 people waiting in line behind me to see the show.

Quote:C&C ??????

here is the final verdict that i am giving about C&C at the E3 show... there is none, none mentioned, none shown, none talked about, as a matter as a fact, when ever i brought up C&C to an EA staff member at the show, they got kinda well pissy is a good word. dunno what that means, but more in my article.
