Article will be done proolly tomorrow morning, more stuff to put in than before.

as far as all the questions that people requested i ask, here is the take on them :

Quote:and also ask roskstar what the new GTA will be about please

nothing on it, just Vice City on console

Quote:i am not sure if blizzard is there, but if they are, could you ask about any new SC games in planning? (excluding SC: Ghost)

confirmed, nothing with StarCraft except SC: Ghost

Quote:Dante you star getting in to E3 and all.
could you please

1. Ask about the latest developments of Half-life 2
2. View any and all show demos/previews of Half-life 2
3. Steal the show demo/preview of Half-life 2
4. Upload to the Mod X

LOL, good looking game, thats about all i can say, i was never into the Half-Life story line or game for that matter, but you will be impressed.

as far as the rest, i was trampled by 27 security guards, and beat up by 1000 people waiting in line behind me to see the show.

Quote:C&C ??????

here is the final verdict that i am giving about C&C at the E3 show... there is none, none mentioned, none shown, none talked about, as a matter as a fact, when ever i brought up C&C to an EA staff member at the show, they got kinda well pissy is a good word. dunno what that means, but more in my article.
