Hi guys!

I'm able to join game's normally, and sometimes i can play for 20min, but most of the time my connection gets broken after 5 minutes. This totally sucks!
I didn't bought the game so I could let it glance on a display! No, i bought it to play the damn game. I coudn't find any good faq, or whatsoever on the renegade website(http://westwood.ea.com/games/ccuniverse/renegade/english/). My system is ok, I don't have and never ahd any problems with my internet.
Does any of you know a solution, or a good support guide of Renegade?
