I have no idea how to play the other maps on multiplayer practice, and all I can play is Under. How do I activate the other maps so that I can play them on multiplayer practice? Any suggestions??

Simply click here, scroll down to the file "Skirmish Cycle" (the list is in alphabetical order) and download that. You'll need a gamespy account, which is free. Once you've downloaded it, unzip the folder and put the file inside it into your C:\westwood\renegade\data folder. If you want to change a specific map in the rotation, open the file up and I believe you'll find a section in it looking like this:

```
MapName00=C&C_Bunkers.mix
MapName01=C&C_Field.mix
MapName02=C&C_Volcano.mix
MapName03=C&C_Walls.mix
MapName04=C&C_City.mix
MapName05=C&C_Canyon.mix
MapName06=C&C_Hourglass.mix
MapName07=C&C_Mesa.mix
MapName08=C&C_Islands.mix
MapName09=C&C_Complex.mix
```

Simply change the names of these maps (I'm not 100% sure this works) to have such and such a map rotated. After playing the first c&c\_Under level, the next map will come into play.

Alternatively, and even easier, is to simply to go LAN, make the number of players 1 and set up your maps there to play them. However, you need to be connected to the internet to do that. This file enables you to do this without the need of that. Hope that helps
