Nice...

Is that the skin? Or just the object's colors?

That could probably be used in the Modern Warfare mod. by the Iraqies in the mod.

Does it looks like a skin ?

A very, very basic skin. There is very little detail in that skin. Makes it look like a plastic gun.

Scratches, variations and real wooden textures would make it look alot mroe realistic.

Yeah, too bad it's in Genegade. I will talk to Havoc 89 about it.
