by infantry I do not mean Death Match. Infantry only at least should mean base destruction on...maps like Gobi and Sand. Anyways...I've only ever been able to play a total of maybe 10 games like this...other than snipers only matches where some dick killed the barracks.

just a suggestion that maybe some one could/should put up an infantry only server with base destruction on

eh...I could still try at the infantry league if I wanted...actually I do still kind of want it. But for now...I just want an infantry server that at least has base destruction on. Everything else is just details
