Hi, I have a big Problem with my Didicated Server

after announcing 25 people to the server westwood gives an error and the server crashes.

I have checked the config files and all, but i think there is no error.

can somebody help me?

lol?

if there are 20 player on server and then 5 leve and 5 new player come, that there are 20 players on server but he crash because alltogether there are 25 connections
