DONT TYPE IN CAPITALS, it hurts when you rerad it, and not so many emoticons.

I don't necessarily think this is the kind of environment Crimson intended these forums to have. Everyone was a newbie at some point, why can't you just help him if you know the answer to the question he's asking? Kamakazie, I'd help you if I could. Unfortunately though, I've neither created a clan before, nor am I in one at the moment. Thus, I have no experience in the aforesaid. Perhaps someone else, more helpful than the previous two people, will help you out.

the problem is : this newbie is more likely like a n00b.

I help newbs when they're not idiots...or cap lovers...or emoticon addicts.

You seem more like a n00b when you insult some one for asking a question, everyone asks questions about one thing or another so shut it with this calling him a n00b crap

Which part is cut off? Are you using the application on WW's site? That gets cut off a lot. Just ust the one in the actual game.
